Dear Mrs. Roosevelt,

Please excuse the paper I have never asked anybody for anything before and I feel kind of awkward writing this so please excuse any mistakes.

I am in my second term in Flushing High School and have managed to buy notebooks and pad so far. This being the spring term spring football is in session. This being my favorite sport I am trying out for the team. I managed to loan from a boy friend shoulder pad, helmet, and football pants but he didn't have any luck in securing a pair of football shoes. Practise started yesterday. I wore sneakers and had my ankle cut by a fellow with shoes on. I came home last night and shake spoke to my parents about getting a pair of shoes.

I'm sure they would like me to have these but my father, who works three days a week makes only \$13.44 and on the Long Island State Park Commission. said we could not afford them.

I thought one of your sons may have
an old pair of football shoes they do not use
now I wear size eight.

Please answer even if you can't do
anything for me.

Thanking You in advance,
Clifford Kalb.

Dear Mrs. Roosevelt,

I am writing to ask you
to help me out.

I have a little baby two
months old and my husband is
working but receiving only *15.00
a week.

We have several debts
amounting to *400.00, unless we
get the money to pay it up
we will loose all our furniture.

You know how bill collectors
are they want their money or
else they will take the furniture.

I am asking you if you
will be so kind as to lend me
*400 so that I can pay my
furniture out. I will pay you back
*20 a month plus the interest you
will want for borrowing the money.

II

I am writing to you because I
have confidence in you and know that you
will try to help me out.

I am only 22 years old, and
certainly couldn't stand the strain
of losing my furniture; it would
mean the breaking up of our
cheerful little home -

My husband does all he
can to find a job which pays
more but it is so hard. If
you will lend us the money
then I know we will be
happiest people to think that
so none saved us our home.

Please let me know whether
or not we can borrow the
money - We will pay it back
as quick as we can.

I'll be praying and hoping
you will save us.

Yours truly

Dear Boss,

I'll address you this way for two reasons, first you seem to be a pretty regular guy. Second you are the boss. (That's pretty logical if it isn't let me know.)

I don't know why I wrote a letter to you. I think its more to see just what you would do.

We have here I think one of the best camps that could possibly be established. The country and the hills here make you think there is no such thing as a city.

I won't waste your time writing a lot in about what work I have done and all I should have done.

Enclosed you will find a copy

of our camp newspaper. If you like it let me know. If you don't like it make believe I didn't even send it. I'll know then what you think about it.

Anytime you are around this part of the country, drop in and see us we are always home.

I can't sign this letter with love and kisses because I'm not in love with you. So I'll just sign off with

Your pal,
Bill Phand Jr.

My Dear Lady:

My Husband and I are white folks and American born. we have been married for 30 years, and have always been in a position to provide for ourselves until the depression began, and my husband is one among the unemployed he is now 67 years old. we are church going and God loving people. He has been acting (or rather serving) as Superintendent of Sunday School for more than 30 years and we try to live right. But it seems as tho, oh well, things just look darker, we have two sons but one of them is married and his income is scarcely over \$13 dollars a week, and the younger son is clerking in a grocery store and only makes \$10 dollars a week, of which we are very thankful that they have that. but that barely suffices for the necessities and our home is not paid for and our boys are trying to finish paying for that, so you see our position. and I wonder if you would please help me I need a winter coat and of course I cannot purchase one myself. if you have an old discarded coat would you please send it to me, or is that asking too much, never before in my life have I found it necessary to ask for help. my bust measure is 38^{1/2}, if you will be kind enough to help me it will

be the joy of my life to send more here a coat.
and to know that you took it to my son.
I would appreciate it if we do now, and you
will be rewarded thousand times over. "It is
more blessed to give than to receive."

may the "Lord bless you now and whether you
choose to help me or not. We have heard Mr. Roosevelt
speak over the "radio" that is our only chance of
hearing him. may you have many happy years
to live and and serve.

Sincerely

Mrs. E. L. Scott

Dear Madam:

I am a twelve year old girl of a Richland Parish farm. I am very much against the white people mixing with the colored. The way you are acting about the white associating with the Negroes is infuriating many southern people. I suggest (although you may think I am rather young to be giving you advice) that you drop the whole matter and return to your senses. Many other southerners think so, too, but it seems that none of them will write you.

What I think about white girls dancing and associating with the colored, and you entertaining them at the White House, I am not able to put into words. It may be the Yankees way of trying to be famous.

but you will not win fame in this way. I believe that even the Negroes, at least the respectable ones, will not do the things that you think they should do.

I will not go to school with a Negro. Even if you should have your way, I will finish my education at home.

I hope I haven't seemed impolite, for I do not really meant to be. I am only giving you my personal opinion. I usually do all my own thinking.

I realize you are a very busy lady, and travel very much, (which is not at all patriotic, but may be necessary,) but I do hope you will answer my letter, personally, and correct all of the mistakes I have made if you can.

I am grateful to you for reading this. I hope I haven't offended you.

Yours truly,
Alma Vines Lester

Mrs. Roosevelt:

The world is impressed by your humanitarian effort to bring about a stronger relation to all mankind, regardless of race, creed or color. You have exemplified the determination of my people (The Negro) in their onward struggle for the rights that is naturally theirs. No, you have not denied your friendship to any particular group due to darker pigmentation of their skin.

Mrs. Roosevelt, Hitler's race theory must be destroyed, not only abroad but right here in America. As the great emancipator uttered a house divided cannot stand.

As you, there are few but I pray that God send more as you.

Respectfully

The President of U.S.

Dear Mrs. Roosevelt;

I am Mrs. Herbert Proctor, wife of the chairman of the Colored Democratic Club of Portage County. My Husband and I have worked diligently for the party for the past twelve years controlling hundreds of votes. Besides this we have given our time effort and money to the Red Cross, Pineland Defence Sold War bonds and have bought War Bonds. All this beside raising six fine children that would be a credit to any Country. Now my problem is this, I have a son in the service in Texas and he is being treated worse than a prisoner of war.

My son was an honor student winning metals of bronze, silver and gold in speech. He had bestowed upon him the degrees of Merit, Honor, Excellence, and Distinction by the National Forensic League so I know I am right in feeling that

he is deserving of fair treatment. This
is serious something must be done quickly
about this awful thing - He is a Northern
born boy and an American citizen and he
believes in what he is being trained to fight
for. He will retaliate such treatment as
he is receiving and I do not want one
hair of his head harmed by those
godless white people. To think he has to
fight for such people I am enclosing a
copy of one of his letters so you will know
first hand just what our boys have
to put up with! Oh Please do something
about this awful thing. For twelve years
we have fought for you will you please
do something for us. See that our boys
get the same privileges that the white
boy does. As long as our Government upholds
segregation discrimination and all will
just that long will it exist. Yours
in the name of God and all that America
stands for. Very Respectfully

Mrs. Herbert Proctor ✓
